COVENT GARDEN Market is open all hours

COVENT GARDEN is returning to its gastronomic roots with a late-night food market. Producers from around the UK will run stalls every Thursday through the summer. Highlights include The Arabica Food & Spice Company, which imports more than 100 products from countries such as Lebanon and Turkey. James Walters, who set up the company, said: "People in the UK are really excited about food. We can't compete with the supermarkets on price, but we are offering something very different."

Covent Garden Real Food Market is open tomorrow and every Thursday until the end of May, 12-7.30pm, June and Sept, 12-8pm, July and Aug, 12-9pm, coventgardenlondonuk.com
